

DONATIONS

MONEY CAN MAKE YOU HAPPY

if you give it with love ~ if you receive it in need

Now you are ready to make a better world, one penny at a time!

AMURT is an international volunteer relief team established in 1965, with a relief network in 35 countries. It stands apart from most other relief organizations two are:

- extremely low overhead. More of your donation, 90%, goes directly to the project in question.
- Long term work. In addition to immediate disaster relief, AMURT stays after the immediate relief work is done and helps with the long effort involved in rebuilding and bringing the community back to self-sufficiency. Such work can last for years but AMURT remains while there is work to do.

Red Cross does not need an introduction.

ABOUT

Split the money any way you want. 50%-50% would do.

Send proceeds to:

LEARN MORE ABOUT DISASTER, AND SEND THE MONEY

- Grab a sheet like this from an existing donation station, or
- Print a sheet like this from: www.wwesome.com/donationkit
- Find an old jar or box. Print the "DONATIONS" label you prefer for it.
- Print a few extra flyers for other potential stations

HOW TO SET YOUR OWN DONATION STATION

HURRICANE KILLS 10,000 IN PHILIPPINES

People trying to rescue what they can in what once was their home.

But the dead are not the problem. The survivors don't have water, electricity nor food. Several groups are already coming in to help: Amurt and Red Cross among them. But they need resources to buy food, tents and medication.

Be part of the rescue effort. Any amount will go a long way. Pronto. Put some money in the box, I'll make sure it makes it there:
